· Headline: Venture Out Virtually With Tourism Saskatoon!

· News Content

We'd like to take you on a few trips around Saskatoon. Our prairie jewel of a city has outstanding culinary, cultural and natural experiences that will go to the top of your bucket list. Why are they outstanding? Simply put, our people. These down-to-earth experts in their fields don't recite a script for tourists, or stand aside leaving you to explore on your own. They are as invested in their experience as you are, and their warmth, humility and prairie charm will change your view of this place forever.

Here are some Saskatoon experiences you can enjoy virtually:

- Bison Tour at Wanuskewin - feel the power and significance of this special animal.
- A Walk Through Time at Wanuskewin - archeological highlights, medicine walk, dancer and singer performance, tipi raising, and culinary creations by Chef Jenni made from local and foraged ingredients.
- Han Wi Moon Dinner – stories, song, and an incredible menu while you watch the sun set over the Opimahaw Valley.
- A Culinary Tour with Chef Juan Carlo - a special walk around to some of his favourite restaurants, breweries and distilleries to visit the best Saskatoon's culinary talent and learn more about their products.
- Stories from the Field - This video tells the story of fields, forks and farms! Each producer is connected to one another - city and country, grower and maker.
- Champetre County – take a horse drawn hayride, witness their pitchfork fondue, listen to the sheriff tell harrowing stories, and live your best cowboy/girl life.
- On board the Prairie Lily – take a cruise down the south Saskatchewan River on this 119 passenger riverboat.
