Niagara Parks Power Station – a new landmark attraction by Niagara Parks Commission

AN IMMERSIVE EXPERIENCE On July 1st, 2021, The Niagara Parks Power Station transforms a century old power station into a new attraction with modern amenities and preserved the historical authenticity. By day, you'll explore the preserved interior of the historic power station, transformed with new exhibits and guest amenities, while each night, an immersive sound & light experience brings the building to life through state-of-the-art projection mapping technology. Choose between a self-guided general admission or guided admission, and learn about the fascinating history of this historic building. Enhance your experience at Niagara Parks Power Station with Currents: Niagara's Power Transformed and enjoy an exclusive after hours access experience. Spend your evening within the station, and experience the spectacular sound and light show first hand.
