## Whale Watching in Tadoussac: An Unforgettable Summer Experience!

Looking for the perfect summer getaway to recommend to your clients? Whale watching in Tadoussac or Charlevoix is an absolute must! Welcoming visitors from over 40 countries each year, these iconic destinations are among Canada's most sought-after travel experiences.

Invite your clients to encounter the giants of the sea in the heart of the Saguenay–St. Lawrence Marine Park—the best whale watching site in the world. Whether aboard a comfortable, specially designed observation boat or an exhilarating Zodiac (perfect for thrill seekers!), they'll be guided by our bilingual naturalist experts who'll offer fascinating insights into the lives of up to 13 different whale species. With breathtaking views of the Saguenay Fjord as a backdrop, it's an awe-inspiring adventure from start to finish.

Croisières AML's whale watching season begins May 3rd—book now to secure an unforgettable summer outing! By choosing us, you're supporting a proudly Canadian, family-owned company that's been a leader in marine excursions since 1972.
